Safeguarding Definition

Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:

- protecting children from maltreatment;
- preventing impairment of children's health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

(The term children, includes everyone under the age of 18.)

Safeguarding is what we do for all children and young people to keep them safe whilst in our care. Child protection describes the policy and procedures specifically for those young people who are at risk of serious harm or have been seriously harmed.

At Coppice we are committed to safeguarding children and young people and we expect everyone who works in our school to share this commitment.

Adults in our school take all welfare concerns seriously and encourage children and young people to talk to us about anything that may worry them.

Policy Aims

- To provide Staff with the framework to promote and safeguard the wellbeing of children and in so doing ensure they meet their statutory responsibilities;
- To ensure consistent good practice across the school; and
- To demonstrate our commitment to protecting and supporting our vulnerable children, students who need support through early help, children in need and children who have a child protection plan.

Legislation and Guidance

The Governing Body (GB)/Trustees of Coppice Performing Arts School recognises and is committed to fulfilling its statutory responsibility to safeguard and promote the welfare of children in accordance with the following legislation and guidance:

- The Education Act 2002 (section 175/157)
 - Section 175 of the Education Act 2002 requires local education authorities and the governors of maintained schools and further education (FE) colleges to make arrangements to ensure that their functions are carried out with a view to safeguarding and promoting the welfare of children.
 - Section 157 of the same act and the Education (Independent Schools Standards) (England) Regulations 2003 require proprietors of independent schools (including academies and city technology colleges) to have arrangements to safeguard and promote the welfare of children who are pupils at the school.
- The Education (independent School Standards) Regulations 2014
- The non-maintained Special schools (England) regulations 2015
- Wolverhampton Multiagency Safeguarding arrangements
- Thresholds of support to children and families in Wolverhampton
- Working together to safeguard children (Updated Feb 2019)
- Keeping children safe in education (September 2019)
- Information sharing advice for safeguarding practitioners (March 2015)
- What to do if you are worried a child is being abused (March 2015)

- Sections 26 & 29 of the Counter-Terrorism and Security Act 2015
- Section 5B of the Female Genital Mutilation Act 2003
- Children Act 1989 & 2004
- Disqualification under the Childcare Act 2006

Related Policies

Our policy relates to safeguarding and child protection concerns and sits within a suite of other safeguarding policies. Our policy applies to all staff (teaching and non-teaching), governors and volunteers, temporary and supply staff working in our school. It will be reviewed at least annually by the Governing body, and is in line with our Wolverhampton Safeguarding Together's local procedures, the expectations of the Department for Education and Ofsted which inspects schools' safeguarding arrangements.

Other policies that may be referred to within this policy include:

- Attendance and Punctuality
- Admissions
- Anti-bullying
- Educational Visits
- Visiting Speakers
- Code of Conduct
- Safer Recruitment
- Behaviour Policy
- Equal Opportunity
- Diversity
- Management of Allegations
- PSHE
- Citizenship
- E-Safety
- Children Missing Education
- Whistleblowing
- Sexting
- British Values
- Physical Intervention/Positive Handling

Roles and Responsibilities

Governing Body

Our Safeguarding Link Governor is **Rita Potter**

Our Chair of Governors is **Mark Taylor**

Our Governing body will ensure they comply with their duties under legislation, they will have regard to 'Keeping children safe in education' to ensure that the policies, procedures and training in our school are effective and comply with the law at all times. Our school will have a senior board level (or equivalent) lead to take leadership responsibility for our school's safeguarding arrangements.

Our Governing body will ensure:

It is the responsibility of Governing Boards to ensure that they comply with their duties under legislation. They must have regards to this guidance to ensure that the policies, procedures and training in their schools are effective and comply with the law at all times.

The statutory guidance, Keeping Children Safe in Education places statutory requirements on all Governing Boards. Governing Boards must make sure that their school has policies and procedures in place and take into account any guidance issued by the Secretary of State, any LA guidance and locally agreed inter- agency procedures:

- Governing bodies and proprietors (in Part 2, unless otherwise stated, this includes management committees) must ensure that they comply with their duties under legislation. They must have regard to this guidance, ensuring that policies, procedures and training in their schools or colleges are effective and comply with the law at all times.¹⁵
- Governing bodies and proprietors should have a senior board level (or equivalent) lead to take leaders.
- Governing bodies and proprietors should ensure there are appropriate policies and procedures in place in order for appropriate action to be taken in a timely manner to safeguard and promote children's welfare.

This should include:

- Individual schools and colleges having an effective child protection policy. The child protection policy should describe procedures which are in accordance with government guidance and refer to locally agreed inter-agency procedures. It should be updated annually (as a minimum), and be available publicly either via the school or college website or by other means.
- A staff code of conduct which should, amongst other things, include - acceptable use of technologies, staff/pupil relationships and communications including the use of social media.
- Governing bodies and proprietors should put in place appropriate safeguarding responses to children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual abuse or exploitation, and to help prevent the risks of their going missing in future. Where reasonably possible, schools and colleges should hold more than one emergency contact number for each pupil or student. This goes beyond the legal minimum age of 18 and is good practice to give the school or college additional options to make contact with a responsible adult when a child missing education is also identified as a welfare and/or safeguarding concern.

Designated and deputy safeguarding lead/s

Our designated safeguarding lead is **Liz Smith**

Our deputy safeguarding leads are **Clare Woods and Vickie Mcloughlin**

Our Governing Body will ensure that a senior member of staff from the leadership team is appointed to the role of designated safeguarding lead. The designated safeguarding lead will take lead responsibility for safeguarding and child protection including online safety. Their responsibilities will be explicit in the role holder's job description.

Our Governing Body will determine whether to appoint additional deputy designated safeguarding leads, they will be trained to the same level as the designated safeguarding lead and their responsibilities will be explicit in their job description.

Our designated safeguarding lead may delegate safeguarding activities to the deputy safeguarding lead however the designated safeguarding lead will retain the lead responsibility for child protection and safeguarding. This responsibility will not be delegated.

At Coppice Performing Arts School the designated lead, in line with Keeping children safe in education, is expected to:

Manage referrals:

- Refer cases of suspected abuse to the local authority children's social care as required;
- Support staff who make referrals to local authority children's social care;
- Refer cases to the Channel programme where there is a radicalisation concern as required;
- Support staff who make referrals to the Channel programme;
- Refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required; and
- Refer cases where a crime may have been committed to the Police as required.

Work with others:

- Liaise with the headteacher to inform him or her of issues especially on-going enquiries under section 47 of the Children Act 1989 and police investigations;
- Act as a point of contact with the three safeguarding partners
- As required, liaise with the "case manager" (as per Part four) and the designated officer(s) at the local authority for child protection concerns in cases which concern a staff member;
- Liaise with staff (especially pastoral support staff, school nurses, IT Technicians, and SENCOs or the named person with oversight for SEN in a college) on matters of safety and safeguarding (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies; and
- Act as a source of support, advice and expertise for all staff.

Undertake training:

- Undergo training to provide them with the knowledge and skills required to carry out the role. This training will be updated at least every two years.
- The designated safeguarding lead will undertake Prevent awareness training.
- In addition to the formal training set out above, their knowledge and skills will be refreshed (this might be via e-bulletins, meeting other designated safeguarding leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, but at least annually, to allow them to understand and keep up with any developments relevant to their role so they;
- Understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements.
- Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
- Ensure each member of staff has access to and understands the school's child protection policy and procedures, especially new and part time staff;
- Are alert to the specific needs of children in need, those with special educational needs and young carers
- Understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and GDPR
- Understand the importance of information sharing, both within school and with the three safeguarding partners, other agencies, organisations and practitioners
- can keep detailed, accurate, secure written records of concerns and referrals;
- Understand and support the school with regards to the requirements of the Prevent duty and can provide advice and support to staff on protecting children from the risk of radicalisation;
- can understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school;
- can recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online;
- Obtain access to resources and attend any relevant or refresher training courses; and
- Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.

Raise Awareness:

- Ensure the school child protection policies are known, understood and used appropriately;
- Ensure the school child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this;
- Ensure the child protection policy is available publicly and parents know referrals about suspected abuse or neglect may be made and the role of the school in this; and
- Link with the safeguarding partner arrangements to make sure staff are aware of training opportunities and the latest local policies on local safeguarding arrangements.

Child Protection File:

- Ensure a child's protection file is transferred to the new school as soon as possible. This will be transferred separately from the main pupil file, ensuring secure transit and confirmation of receipt will be obtained. Our school will ensure key staff such as the designated safeguarding lead, deputies and the SENCO are aware of any child with a safeguarding concern.

Availability:

- The designated safeguarding lead or deputy will be available (during school hours) for staff in the school to discuss any safeguarding concerns. Whilst our designated safeguarding lead (or deputy) will be available in person, there may be occasions, in exceptional circumstance when this is not possible however they may be available via e-mail, phone and or Skype or other such mediums.
- Our school will arrange adequate and appropriate arrangements for any out of hours/out of term activities - DSL is available on phone, skype and e-mail at all times throughout the year, including school holidays.

All staff

The Teacher Standards (2012) state that teachers, including headteachers, should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties. We extend this level of duty to include all the staff and volunteers who work at Coppice Performing Arts School.

All staff are given part one of Keeping children safe in education together with annexe A, all staff receive annual safeguarding training and regular safeguarding updates throughout the course of the year. Staff confirm that they have received, read and understood our school's safeguarding policies and procedures and that they have attended safeguarding training.

- All staff have a responsibility to provide a safe environment in which children can learn;
- All staff have a responsibility to identify children who may benefit from early help or who are suffering, or are likely to suffer, significant harm.
- Any staff member who has a concern about a child must follow the referral process
- All staff have a responsibility to take appropriate action, our staff will be expected to support social care and other agencies following referrals;
- In addition to working with the designated safeguarding lead or deputy designated safeguarding lead staff members should be aware that they may be asked to support social workers and other agencies to take decisions about individual children;
- During induction, all staff members will be made aware of the systems within our school which support safeguarding and these will be explained to them as part of their induction. This includes: the safeguarding and child protection policy; the staff behaviour policy/code of conduct; the school behaviour policy, Keeping Children Safe in Education -part 1, Annex A, Annex B- the role of the designated safeguarding lead and the

names of the designated safeguarding lead and deputies. (Please refer to our Induction policy and procedures);

- All staff members will receive appropriate safeguarding/child protection updates regularly, but at least annually;
- All staff will be made aware of the local early help process and understand their role in it.
- All staff will be made aware of the process for making referrals to children's social care and for statutory assessments, especially children in need (section 17) and a child suffering, or likely to suffer, significant harm (Section 47) that may follow a referral along with the role that they may be expected to play in such assessments
- All staff will be made aware of what to do if a child discloses that he/she is being abused or neglected
- All staff members will be made aware of the types and signs of abuse and neglect so that they can identify cases of children who may need help or protection;
- Staff members working with children are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the best interests of the child and always speak to the designated safeguarding lead or deputy immediately
- All staff should be aware of the seven golden rules for sharing information, if in any doubt about sharing information; staff should speak to the designated safeguarding lead or a deputy. Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children
- Staff should ensure that if a child has made a disclosure, they are aware that the information will only be shared with the designated safeguarding lead and children's social care. staff should never promise a child that they will not tell anyone about a report of abuse.
- Our staff will be alert to the potential need for any child who: is disabled and has specific needs; has special educational needs; is a young carer; is showing signs of being drawn into anti-social behaviour including gangs and organised crime; frequently goes missing from care or home, is misusing drugs or alcohol themselves; is at risk of modern slavery, trafficking or exploitation; is in a family circumstance presenting challenges for the child; has returned home to their family from care; is showing early signs of abuse and/or neglect; is at risk of being radicalised or exploited and is a privately fostered child.
- All staff should speak to the designated safeguarding lead with regards to any concerns about female genital mutilation. Our teachers know that there is a legal duty placed upon, teachers must report to the police if they discover that an act of female genital mutilation appears to have been carried out on a girl under the age of 18
- If staff have concerns, or an allegation is made about another member of staff (including volunteers) posing a risk of harm to children, then the concern should be referred to the headteacher. If the concern is about the headteacher the member of staff should report this to the chair of governors. Our staff will comply with the guidelines in part four of Keeping children safe in education.
- All staff and volunteers should raise concerns about poor or unsafe practice and potential failures in our school's safeguarding regime. Staff should follow the school's whistleblowing policy and procedures or contact the NSPCC whistleblowing helpline.

Volunteers, work experience and students:

The designated safeguarding lead will explain the responsibility of reporting any concerns about children's safety and welfare to the designated safeguarding lead or deputies. Further, they will be briefed on the school's confidentiality policy and the code of conduct that we expect from all in our school.

Therefore, volunteers and students have the responsibility to:

- Work within the school's code of conduct, KCSIE, safeguarding/child protection policy, acceptable use of technology policy and confidentiality/information sharing expectations; and
- Immediately share any concerns about a child's welfare with the designated safeguarding lead or deputy.

Parental Responsibilities

At Coppice Performing Arts School we have an open-door policy where we encourage parents to share any concerns regarding their own children or any other child/children who they feel may be at risk of harm. All concerns will be explored in a sensitive and timely manner. Parents /carers should ensure their child attends school and that they arrive on time and are collected on time.

We expect parents/carers to notify us of any changes in family circumstances and inform us of any changes of address and contact numbers and where reasonably possible to provide more than one emergency contact number.

Children's Responsibilities

In our school, we respect our children. The atmosphere within our school is one that encourages all children to do their best and to talk freely about any concerns or worries. We provide opportunities that enable our children to take and make decisions for themselves. Children will always be taken seriously and listened to if they seek help from a member of staff. Our school encourages all pupils to share any worries or concerns with any adult in the school at any time.

Confidentiality and Information sharing

Our school adopts the principles outlined in the DfE Information sharing guidance

We recognise that all matters relating to child protection are confidential. The headteacher or designated safeguarding lead and deputies will disclose any information about a child to other members of staff on a need to know basis only. All staff must be aware that they have a professional responsibility to share information with other statutory agencies in order to safeguard children.

All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing. If a child wishes to confide in a member of staff/volunteer and requests that the information is kept secret, the member of staff/volunteer will tell the child, in an appropriate manner to the individual needs of the child, that they cannot promise confidentiality and will need to pass the information on to help keep the child or other children safe. All information and data is stored securely and any information or data is shared on a need to know basis.

Communication with Parents

Our school will always discuss concerns with parents/carers and consent for any referrals should be sought unless to do so would:

- Place the child at risk of significant harm or further risk of significant harm;
- Place a vulnerable adult at risk of harm; and
- Compromise any enquiries that need to be undertaken by children's social care or the police.

The school will endeavour to ensure that parents have an understanding of the responsibilities placed on the school and staff to safeguard children.

In the best interests of safeguarding children there may be occasions when the school may consult with other agencies without a parent's or carer's prior knowledge. Our first concern and responsibility is the child's welfare and we have a duty to protect children first and always. Such consultation may result in a formal referral which could prompt visits from social care and/or the police. We fully understand that this can be a very distressing set of circumstances. Our school will follow the procedures required by those of the Wolverhampton Safeguarding Together.

The visit may take place at the school at the request of the police or social care. In the event of the meeting being held at school parents/carers will be asked by the school to remain on the school premises until such time that the

police or social care can attend. If parents/carers choose to leave school premises with their child the school will contact the police or social care to inform them of the parent's/carer's decision.

Our school will employ the services of an interpreter if required.

Recording and reporting concerns and disclosures procedures

Staff at Coppice Performing Arts School are all advised to report a concern or disclosure with immediate effect to the DSL/DDSL. The member of staff will log a concern/disclosure via the My Concern secure safeguarding website. This will then alert the DSL/DDSL. Staff without access to My Concern / or visiting adults, have access to paper copies of the concern forms, which are available from the main reception, or Safeguarding hub located on the middle floor of the building.

Concerns can also be raised verbally (See Appendix 1 for formal recording) before logging electronically, if the concern is imminent, or the staff member wishes to discuss the concern and seek further advice from DSL/DDSL.

If a member of staff raises a verbal concern, then the DSL/DDSL will ask for this to be written up formally via My Concern (Safeguarding recording software) by the end of the same working day.

Making a referral to children's social care- points to be considered Child Protection Procedures

Upon receipt of a school concern form the designated safeguarding lead or deputy will decide and seek advice to determine whether the concern/disclosure meets a threshold for support from Social Services.

Voice of the child – (children's wishes)

Children's wishes and feelings are taken into account if appropriate when determining what action to take and what services to provide to protect individual children through ensuring there are systems in place for children to express their views and give feedback. Staff members do not promise confidentiality and always act in the best interests of the child.

Record Keeping

At Coppice Performing Arts School all records of concerns and safeguarding/child protection files are stored separately from the student's school file. They are locked in a secure location. Online files are only accessible by the DSL/DDSL via secure login.

If a student moves school, we will transfer the files, wherever possible, this will be done in person if not the file will be transferred securely and separately from the student's main file. We will obtain a receipt from the receiving school. If our school is the last known school the child attend, records will be retained until the child's 25th birthday.

If a student arrives at our school with a child protection file we will ensure key staff such as designated safeguarding leads, designated teacher and SENCOs, are aware as required.

In addition to the child protection file, our designated safeguarding lead will also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

Looked After Children / Children And Young People in Care, or previously in looked after, designated teacher and liaison with the virtual school headteacher

Our designated teacher for Young People in Care and previously looked after children is **Tom Hind** and our **DLS (Designated LAC Support)** is **Liz Smith**

Our designated teacher/support will undertake any relevant training to update their skills, understanding and knowledge to enable them to keep our looked after children and previously looked after children safe. Our designated teacher will promote the educational, physical, social and emotional welfare of children who are looked after and previously looked after children.

Previously looked after children are children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales.

Our designated teacher and support will ensure:

- They are aware of the legal status (interim care order, full care order, voluntary arrangements of any looked after child at Coppice Performing Arts School;
- They obtain information regarding, contact arrangements with birth parents or those with parental responsibility;
- They obtain information about the child's care arrangements and the levels of authority delegated to the carer by the authority looking after him or her;
- They obtain the name of the child's social worker;
- They obtain the name and contact details of the virtual head in the local authority that looks after the child; and
- They liaise with the virtual school headteacher to discuss how the funding for that child can be best used to support the child's need outlined in the personal education plan.

Care Leavers

Local authorities have on-going responsibilities to young people who cease to be looked after and become care leavers. That includes keeping in touch with them, preparing an assessment of their needs and appointing a personal advisor who develops a pathway plan with the young person. This plan describes how the local authority will support the care leaver to participate in education or training. Our designated safeguarding lead or deputy should be given details of the local authority personal advisor appointed to guide and support the care leaver, our designated safeguarding lead or deputy will liaise with the personal advisor as necessary regarding any issues of concern affecting the care leaver.

Children with special educational needs and disabilities

We are aware that children with special educational needs and disabilities may face additional safeguarding challenges. Barriers can exist when recognising abuse and neglect in this group of children.

These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- Children with SEN and disabilities can be disproportionately impacted by things like bullying- without outwardly showing any signs;
- being more prone to peer group isolation than other children; and
- Communication barriers and difficulties in overcoming these barriers.

We will ensure we have appropriate mechanisms in place to assist these children.

Safeguarding Training

Induction

All staff members will undergo safeguarding and child protection training at induction. The training will be regularly updated. Induction and training provided will be in line with advice from the Wolverhampton Safeguarding Together Partnership. Upon appointment and starting the new post, new staff, students and volunteers will be issued with an induction pack, safeguarding policy, Keeping Children Safe in Education -Part 1, annex A and annex B, Whistleblowing Policy, Management of Allegations Policy, Code of Conduct, Acceptable use of IT policy, the school's behaviour policy, our school's children missing education procedures and other relevant safeguarding information e.g. the name of the designated safeguarding lead and deputies. They will sign to say that they have received it, read and understood it. A meeting will be arranged on appointment to clarify and check understanding and to respond to any questions.

Designated safeguarding lead and deputies

Our designated safeguarding lead (and any deputies) will undergo training to provide them with the knowledge and skills required to carry out the role. This training will be updated at least every two years.

Our designated safeguarding lead and deputies will undertake Prevent awareness training. In addition to the formal training set out above, their knowledge and skills will be refreshed (this might be via e-bulletins, meeting other designated safeguarding leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, but at least annually, to allow them to understand and keep up with any developments relevant to their role so they:

- understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments;
- have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
- ensure each member of staff has access to and understands our school's child protection policy and procedures, especially new and part time staff;
- understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the GDPR
- understand the importance of information sharing, both within the school and with the three safeguarding partners, other agencies, organisation and practitioners
- are alert to the specific needs of children in need, those with special educational needs and young carers
- can keep detailed, accurate, secure written records of concerns and referrals;
- Understand and support our school with regards to the requirements of the Prevent duty and can provide advice and support to staff on protecting children from the risk of radicalisation;
- can understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school or college;
- can recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online;
- obtain access to resources and attend any relevant or refresher training courses; and
- encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them.

Staff Training

All staff members will receive regular safeguarding and child protection updates including online safety (for example, via email, e-bulletins, staff meetings), as required, but at least annually, to provide them with relevant skills and

knowledge to safeguard children effectively. Our Governing Body recognise the expertise staff build by undertaking safeguarding training and managing safeguarding concerns on a daily basis. Opportunity will therefore be provided for staff to contribute to and shape safeguarding arrangements and child protection policy.

Governor Training

All governors are invited and encouraged to attend safeguarding training.

Safer Recruitment Training

Our school will ensure that at least one member of any recruitment panel has received safer recruitment training.

Safer working practices

Our school has a code of conduct; all staff and volunteers are issued with this at induction.

You should seek to keep your personal contact with children under review and seek to minimise the risk of any situation arising in which misunderstandings can occur. The following sensible precautions can be taken when working alone with children:

- Work in a room where there is a glass panel in the door or leave the door open;
- Make sure that other adults visit the room occasionally;
- Avoid working in isolation with children unless thought has been given to safeguards;
- Must not give out personal mobile phone numbers or private e-mail addresses;
- Must not give pupils lifts home in your cars;
- Must not arrange to meet them outside of school hours; and
- Must not chat to pupils on the social websites.

Under the Sexual Offences Act 2003 it is a criminal offence for anyone working in an education setting to have a sexual relationship with a pupil even when the pupil is over the age of consent.

Any use of physical force or restraint of pupils will be carried out and documented in accordance with the relevant physical restraint policy. If it is necessary to use physical action to prevent a child from injury to themselves or others parents will be informed.

Safer recruitment

To create a safe environment for our children our school will adopt the safer recruitment procedures that help deter, reject or identify people who might abuse children, outlined in part 3 of Keeping Children Safe in Education

Our school will ensure that at least one member of any recruitment panel has received safer recruitment training.

Our school adheres to statutory responsibilities to check staff who work with children, making decisions on whether to ask for any checks beyond what is required; and ensuring volunteers are appropriately supervised.

We expect all staff to have a responsibility to maintain public confidence in their ability to safeguard the welfare and best interests of children. They should adopt high standards of personal conduct in order to maintain confidence and respect of the general public and those with whom they work.

There may be times where an individual's actions in their personal life come under scrutiny from the community, the media or public authorities, including with regard to their own children, or children or adults in the community. Staff should be aware that their behaviour, either in or out of the workplace, could compromise their position within the

work setting in relation to the protection of children, loss of trust and confidence, or bringing the employer into disrepute. Such behaviour may also result in prohibition from teaching by the Teaching Regulation Agency (TRA) a bar from engaging in regulated activity, or action by another relevant regulatory body.

At Coppice Performing Arts School all staff must inform the Executive Head teacher during the recruitment process of anything that affects their suitability for employment, including any relevant cautions, convictions or relevant orders that they are aware of, or they may have accrued during their employment, and/or they are charged with a criminal offence that would render them disqualified from working with children.

Any offer of appointment made to a successful candidate, including one who has lived or worked abroad will be conditional on satisfactory completion of the necessary pre-employment checks and satisfactory references. Upon appointment of new staff our school will:

- Verify a candidate's identity;
- Obtain (via the applicant) an enhanced DBS certificate (including barred list information, for those who will be engaging in regulated activity);
- Obtain a separate barred list check if an individual will start work in regulated activity before the DBS certificate is available;
- Verify the candidate's mental and physical fitness to carry out their work responsibilities. A job applicant can be asked relevant questions about disability and health in order to establish whether they have the physical and mental capacity for the specific role;
- Verify the person's right to work in the UK. If there is uncertainty about whether an individual needs permission to work in the UK, we will follow advice on the GOV.UK website;
- if the person has lived or worked outside the UK, make any further overseas checks the school consider appropriate including the EEA check
- Disqualification by Association check (if required);
- Verify professional qualifications, as appropriate; we will use The Teacher Services' system to verify any award of qualified teacher status (QTS) and the completion of teacher induction and probation
- Check that a person taking up a management position is not subject to a section 128 direction made by the Secretary of State.
- Check that the candidate is not disqualified under the Childcare Act 2006 (2018 regulations) where relevant to the post

Our school understands that it is a criminal offence to allow any individual who is barred to carry out any form of regulated activity. Our school will comply with the legal duty to refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult; where the harm test is satisfied in respect of that individual; where the individual has received a caution or conviction for a relevant offence, or if there is reason to believe that individual has committed a listed relevant offence; and that individual has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left.

Our school makes decisions about the suitability of any prospective employees based on checks and evidence including; criminal record checks (DBS), barred list checks and prohibition checks together with references and interview information.

Consideration is given to the regulated activity prospective employees will be engaged in. In summary, a person will be considered to be engaging in regulated activity if as a result of their work they:

- Will be responsible, on a regular basis in a school, for teaching, caring for or supervising children;
- Will carry out paid or unsupervised unpaid, work regularly in a school where that work provides an opportunity for contact with children; and
- Engage in intimate or personal care or overnight activity, even if this happens only once.

For all other staff who have opportunity for regular contact with children who are not engaging in regulated activity, the school requires an enhanced DBS certificate, which does not include a barred list check.

For anyone appointed to carry out teaching work, an additional check will be undertaken to ensure they are not prohibited from teaching (including directions, sanctions and restrictions)

A European Economic Area (EEA) check will also be completed if required to check for information about any teacher sanction or restriction that an EEA professional regulating authority has imposed.

Our school keeps a Single Central Record that complies with all the requirements. It is monitored by the Headteacher and DSL at regular intervals.

The Single Central Record covers the following people:

- all staff (including supply staff, and teacher trainees on salaried routes) who work at the school: in colleges, this means those providing education to children;
- all members of the proprietor body;
- Volunteers;
- Governors; and
- Agency, third-party staff and contractors

The following information will be recorded on the Single Central Record:

- An identity check;
- A barred list check;
- An enhanced DBS check/certificate;
- Prohibition, directions, sanctions and restrictions checks;
- A section 128 check
- Further checks on people who have lived or worked outside the UK; this would include an EEA check teacher sanctions and restrictions;
- A check of professional qualifications; and
- A check to establish the person's right to work in the United Kingdom.
- The date upon which the current and original DBS certificate was seen (applicable for employees appointed after 1/9/16)

Our school will obtain written confirmation that the employment business supplying staff has carried out the relevant checks and obtained the appropriate certificates. Our school will also check that the person presenting themselves for work is the same person on whom the checks have been made (Identity check)

We will obtain written confirmation from alternative providers we use to confirm they have undertaken the relevant pre-employment and DBS checks for their staff

All applicants MUST show their current original DBS certificate to the school as soon as they take up post.

Management of Allegations

Our school has adopted the Trust Managing Allegations Policy.

Our policy complies with the guidance set out in part four of Keeping Children Safe in Education.

All allegations of abuse of children carried out by any staff member or volunteer will be taken seriously. If an allegation is made regarding a member of staff or volunteer, the following will be considered:

Has the member of staff/volunteer;

- Behaved in a way that has harmed a child, or may have harmed a child?
- Possibly committed a criminal offence against or related to a child?
- Behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children?

If an allegation is made against a member of staff or volunteer the headteacher must be informed immediately or as soon as possible within 1 working day and he or she must contact the Designated Officer (Paul Cooper) immediately to discuss the allegation to consider the nature, content and context of the allegation and agree a course of action.

If an allegation is made against the headteacher, the member of staff who has the concern must contact the chair of governors, who must then contact the Designated Officer (Paul Cooper) immediately or as soon as possible within 1 working day to discuss the allegation to consider the nature, content and context of the allegation and agree a course of action.

Our procedures and approach to dealing with allegations will be applied with sensitivity and common sense. Our school will exercise its duty of care to employees, we will act appropriately to manage and minimise the stress inherent in the allegation process. Our school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

At Coppice Performing Arts School we understand that there is a legal requirement for employers to make a referral to the DBS where we think that an individual has engaged in conduct that harmed (or is likely to harm) a child; or if a person otherwise poses a risk of harm to a child. If the accused person resigns, or ceases to provide their services, this will not prevent an allegation being followed up and a referral to the DBS *must* be made, if the criteria are met (outlined in KCSiE)

The Designated Officer in Wolverhampton is **Paul Cooper (550661)**

Whistleblowing

All staff, volunteers and parents at Coppice Performing Arts School should feel able to raise concerns about poor or unsafe practice and potential failures in our safeguarding regime and such concerns will be taken seriously by our headteacher and senior leadership team. Our school has adopted the Trust Whistleblowing Policy and appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, are in place for such concerns to be raised with our headteacher, governing body or senior leadership team.

Where a staff member feels unable to raise an issue with our headteacher, governing body or senior leadership team or feels that their genuine concerns are not being addressed, other whistleblowing channels are open to them, for example:

The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk

Curriculum and e-safety

Child safety issues and child protection will be addressed through the curriculum where appropriate, especially through PSHE, Computing and E-Safety, Citizenship, Relationship and Sex Education (RSE) and British values.

We use a variety of resources and approaches to teach the children how to keep themselves safe, build their resilience and manage risks.

E-Safety curriculum and computing, use of mobile technology

The E-Safety lead is **Saneal Dhanda**

The police will be involved and advice will be sought from CEOP if required if there is any criminal element to misuse of the internet, phones or any other form of electronic media.

Contextual safeguarding

We know that safeguarding incidents and/or behaviours can be associated with factors outside our school and/or can occur between children outside our school. All staff, but especially the designated safeguarding lead (or deputy) will consider the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children will consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. Children's social care assessments should consider such factors so our school will provide as much information as possible as part of the referral process. This will allow any assessment to consider all the available evidence and the full context of any abuse

Types and signs of abuse

All staff and volunteers are familiar with the types and signs of abuse, they are aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

All staff are expected to be vigilant at all times, taking account of the following.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or another child or children.

Physical abuse

A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Some signs:

- Bruising of various ages
- Bite marks
- Burns and scalds
- Fractures in non-mobile children
- Injuries in unusual areas or with well - defined edges
- Old injuries or scars
- Refusal to discuss injuries
- Inconsistent explanations
- Talk of punishment which seems excessive
- Arms and legs kept covered in hot weather
- Reluctance to remove clothing for PE or swimming

Emotional abuse

The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber-bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Some signs:

- Physical, mental or emotional development delay
- Abnormal attachment to parents/carer
- Low self-esteem
- Lack of confidence
- Over-reaction to making mistakes
- Fear of new situations
- Fear of parents being contacted
- Self-harm

Sexual abuse

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Some signs:

- Aggression
- Withdrawn
- Self-harming, including eating disorders
- Distrust of familiar adult
- Wetting or soiling day and night
- Fear of undressing for sport or swimming
- Sleep disturbances or nightmares
- Apparent secrecy about social activities or special friends
- Inappropriate sexualized conduct
- Drawings of sexual behaviours
- Sexually explicit behaviour

Neglect

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to

appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Some signs:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger;
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment
- neglect of or unresponsiveness to a child's basic emotional needs
- Under weight for age
- Hungry
- Tired
- Poor state of clothing for the child's size, weather or time of year
- Persistently dirty with a body odour
- Frequent lateness or non-attendance
- Compulsive stealing or scavenging
- Poor health and untreated medical problems
- Lack of immunisations
- Frequently missed medical appointments

The list of signs is not an exhaustive list.

If staff recognise any of these signs they should not presume that the child is being abused, but **MUST** report their concerns to the designated safeguarding lead or the deputy designated safeguarding lead immediately.

Children Missing from Education (CME)

All children, regardless of their circumstances, are entitled to a full-time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Effective information sharing between parents, settings, schools/colleges and the local authority is critical to ensure that all children are safe and receiving suitable education.

We are aware that a child going missing from education, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect which may include sexual abuse or exploitation and child criminal exploitation. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage. Early intervention is necessary to identify the existence of any underlying safeguarding risk and to help prevent the risks of children going missing in future.

Our staff are aware of and adhere to the school's procedures for unauthorised absence and children missing from education. Our school has appropriate safeguarding policies, procedures and responses for children who go missing from education. Our school has an admission register and an attendance register. All students are placed on these registers at the beginning of the first day on which the school has agreed, or been notified, that the pupil will attend our school. If the child fails to attend on the agreed or notified date, our school will notify the local authority at the earliest possible opportunity to prevent the child from going missing.

Our attendance and admission registers are kept up to date. We actively encourage our parents and carers to inform us of any changes whenever they occur. Our school monitors attendance regularly and we address any issues that may cause concern and where attendance fails to meet the expected level.

Our school will notify the local authority of any child who fails to attend school regularly or has been absent without the school's permission for a continuous period of 10 school days or, more at such intervals as are agreed by the school and the local authority.

Where a parent notifies our school that a pupil will live at another address, our school will record in the admission register:

- the full name of the parent with whom the pupil will live;
- the new address; and
- the date from when it is expected the pupil will live at this address.

Where a parent of a pupil notifies our school that the pupil is registered at another school or will be attending a different school in future, our school will record in the admission register:

- the name of the new school; and
- the date on which the pupil first attended or is due to start attending that school.

Our school will notify the local authority within five days when a pupil's name is added to the admission register. We will provide the local authority with all the information held within the admission register about the pupil. Our school will also notify the local authority when a pupil's name is to be deleted from the admission register under any of the fifteen grounds set out in the Education (Pupil Registration) (England) Regulations 2006 as amended, as soon as the ground for deletion is met and no later than the time at which the pupil's name is deleted from the register.

Our school will only delete a pupil's name from the admission register under regulation 8(1), sub-paragraph (f)(iii) or (h)(iii) if our school and the local authority have failed to establish the pupil's whereabouts after jointly making reasonable enquiries. When our school notifies the local authority that a pupil's name is to be deleted from the admission register, our school will provide the local authority with:

- the full name of the pupil;
- the full name and address of any parent with whom the pupil lives;
- at least one telephone number of the parent with whom the pupil lives;
- the full name and address of the parent with whom the pupil is going to live, and the date the pupil is expected to start living there, if applicable;
- the name of pupil's destination school and the pupil's expected start date there, if applicable; and
- the ground in regulation 8 under which the pupil's name is to be deleted from the admission register.

Our school will work with the local authority to agree on methods of making returns. When making returns, we will highlight to the local authority where we have been unable to obtain the necessary information from the parent, for example in cases where the child's destination school or address is unknown. We will also consider whether it is appropriate to highlight any contextual information of a vulnerable child who is missing education, such as any safeguarding concerns. If a child/student arrives at our school and the previous school is unknown, we will contact the local authority for assistance.

Private Fostering Arrangements

A private fostering arrangement is one that is made privately (without the involvement of the local authority) for the care of a child under the age of 16 years (under 18 if disabled) who is cared for by someone who is not their parent or a 'close relative'. This is a private arrangement made between a parent and a carer; for 28 days or more. Close relatives are defined as step parents, grandparents, brothers, sisters, uncles or aunts, (whether of full blood, half blood, or marriage/ affinity.)

School staff will notify the designated safeguarding lead or deputy when they become aware of private fostering arrangements. The designated safeguarding lead or deputy will speak to the family of the child involved to check

that they are aware of their duty to inform the LA. Our school is aware that we need to report any private fostering arrangements that we become aware of to the Local Authority.

Sexting (Youth Produced Sexual Imagery)

At Coppice Performing Arts School we know and understand that sharing photos and videos online is part of daily life for many young people, enabling them to share their experiences, connect with friends and record their lives. Photos and videos can be shared as text messages, email, posted on social media or increasingly via mobile messaging apps, such as, Snapchat, Whatsapp or Facebook Messenger, etc.

The increase in the speed and ease of sharing imagery has brought concerns about young people producing and sharing sexual imagery of themselves. This can expose them to risks, particularly if the imagery is shared further, including embarrassment, bullying and increased vulnerability to sexual exploitation.

Although the production of such imagery will likely take place outside of our school, these issues often manifest in schools and organisations working with children and young people. Our school will respond swiftly and confidently to ensure that young people are safeguarded, supported and educated. Producing and sharing sexual images of under-18s is also illegal.

Our school will deal with all incidents of youth produced sexual imagery as a safeguarding concern. We will be guided by the principle of proportionality and our primary concern will be the welfare and protection of the children/young people involved. Our school may respond to incidents without involving the police in accordance with the guidelines set out in the UKCCIS- Sexting in schools and colleges: responding to incidents and safeguarding young people. Schools may respond to incidents without involving the police.

Our school will adopt the recommended procedures regarding the law and handling incidents outlined in UKCCIS- Sexting in schools and colleges: responding to incidents and safeguarding young people and DfE guidance – Searching, screening and confiscation -January 2018.

Whilst dealing with an incident our school will:

- Respond immediately to disclosures or incidents in line with our school's safeguarding procedures, staff will notify the designated safeguarding lead (Liz Smith) immediately of any concern, incident or disclosure
- Handle devices and imagery according to DfE advice (Searching, Screening and confiscation- January 2018)
- Risk assess situations
- Involve other agencies, including escalation to the police and children's social care
- Record incidents
- Involve parents unless there is good reason to believe that involving parents would put the child/young person at risk of harm
- Seek to support young people
- All incidents relating to youth produced sexual imagery will be recorded in school. This includes incidents that have been referred to external agencies and those that have not
- Support young people to report youth produced sexual imagery online
- Provide preventative education to learn about the issue of youth produced sexual imagery
- Our staff will **not** view youth produced sexual imagery unless there is good and clear reason to do so. Wherever possible responses to incidents will be based on what DSLs have been told about the content of the imagery.
- If our school decides that other agencies do not need to be involved, then consideration will be given to deleting imagery from devices and online services to limit any further sharing of the imagery.

Child Sexual Exploitation (CSE)

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Like all forms of child sexual abuse, child sexual exploitation:

- can affect any child or young person (male or female) under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex;
- can still be abuse even if the sexual activity appears consensual;
- can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity; can take place in person or via technology, or a combination of both;
- can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence;
- may occur without the child or young person's immediate knowledge (through others copying videos or images they have created and posting on social media, for example);
- can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time, and range from opportunistic to complex organised abuse; and
- is typified by some form of power imbalance in favour of those perpetrating the abuse. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources.

Child sexual exploitation is never the victim's fault, even if there is some form of exchange: all children and young people under the age of 18 have a right to be safe and should be protected from harm.

At Coppice Performing Arts School we understand that any child in any community may be vulnerable to child exploitation, we will be alert to the fact that child sexual exploitation is complex and rarely presents in isolation of other needs and risks of harm (although this may not always be the case, particularly in relation to online abuse). Child sexual exploitation may be linked to other crimes and we will be mindful that a child who may present as being involved in criminal activity is actually being exploited.

We are aware that the following vulnerabilities are examples of the types of things children can experience that might make them more susceptible to child sexual exploitation:

- Having a prior experience of neglect, physical and/or sexual abuse;
- Lack of a safe/stable home environment, now or in the past (domestic violence or parental substance misuse, mental health issues or criminality, for example);
- Recent bereavement or loss;
- Social isolation or social difficulties;
- Absence of a safe environment to explore sexuality;
- Economic vulnerability;
- Homelessness or insecure accommodation status;
- Connections with other children and young people who are being sexually exploited;
- Family members or other connections involved in adult sex work;
- Having a physical or learning disability;
- Being in care (particularly those in residential care and those with interrupted care histories); and
- Sexual identity.

We understand that not all children and young people with these vulnerabilities will experience child sexual exploitation. Child sexual exploitation can also occur without any of these vulnerabilities being present.

Indicators include:

- children who appear with unexplained gifts or new possessions;
- children who associate with other young people involved in exploitation;
- children who have older boyfriends or girlfriends;
- children who suffer from sexually transmitted infections or become pregnant;
- children who suffer from changes in emotional well-being;
- children who misuse drugs and alcohol;
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

‘Honour based violence’

So-called ‘honour-based’ violence (HBV) encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving “honour” often involves a wider network of family or community pressure and can include multiple perpetrators. Our staff will be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBV are abuse (regardless of the motivation) and should be handled and escalated as such.

If our staff have any concerns regarding a child that might be at risk of HBV or who has suffered from HBV they will speak to the designated safeguarding lead or deputy. As appropriate the designated safeguarding lead or deputy will activate the local safeguarding procedures by contacting the police and or social care.

Female Genital Mutilation (FGM)

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

FGM mandatory duty for teachers

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18.

It will be rare for teachers to see visual evidence, and they should not be examining pupils, but the same definition of what is meant by “to discover that an act of FGM appears to have been carried out” is used for all professionals to whom this mandatory reporting duty applies.

Teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also still consider and discuss any such case with our school’s designated safeguarding lead or deputy and involve children’s social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers will follow local safeguarding procedures.

Some warning signs:

- Difficulty walking, sitting or standing;
- Unusual behaviour after an absence from school;
- Age of the young girl (0-15 years);
- A young girl may visit the bathroom more frequently or spend more time than usual in the bathroom;
- A young girl may have frequent, urinary, menstrual or stomach problems;
- Prolonged or repeated absence from school;
- A young girl may try to avoid PE lessons;
- Travel to a country known to practise FGM (School holiday times);
- An Elder family member visiting from a country known to practise FGM;
- Over hearing conversations related to FGM;
- A young girl may disclose, ask questions or ask for advice;
- Reluctance to undergo normal medical examination; and
- Girls that are withdrawn from PSHE or SRE.

Forced Marriage

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage.

The Forced Marriage Unit has published Multi-agency guidelines, with pages 35-36 focusing on the role of schools and colleges. School and college staff can contact the Forced Marriage Unit if they need advice or information. Contact: 020 7008 0151 or email: fmufco.gov.uk.

Breast ironing/flattening

Breast flattening, also known as breast ironing, is the process during which young pubescent girls' breasts are ironed, massaged, flattened and/or pounded down over a period of time (ranging from a few weeks to years) in order for the breasts to disappear or delay the development of the breasts entirely. In some families, large stones, a hammer or spatula that have been heated over hot coals can be used to compress the breast tissue. Other families may opt to use an elastic belt or binder to press the breasts to prevent them from growing. Breast flattening usually starts with the first signs of puberty, it is usually carried out by female relatives.

It should also be acknowledged that some adolescent girls and boys may choose to bind their breast using constrictive material due to gender transformation or questioning their identity, and this may also cause health problems.

Signs that a girl could be at risk

- A girl is embarrassed about her body
- A girl is born to a woman who has undergone breast flattening
- A girl has an older sibling or cousin who has undergone breast flattening • References to breast flattening in conversation, for example a girl may tell other children about it
- A girl may request help from a teacher or another adult if she is aware or suspects that she is at immediate risk
- A girl from an affected community is withdrawn from PSHE and/or Sex and Relationship Education as her parents wish to keep her uninformed about her rights and her body.
- One of both parents or elder family members consider breast flattening integral to their cultural identity.

- The family indicate that there are strong levels of influence held by elders who are involved in bringing up female children and support breast flattening.

Signs that breast flattening has occurred

As well as keeping in mind the signs that indicate a girl may be at risk of breast flattening, professionals and others should be mindful that:

- A girl may disclose to a teacher, social worker, GP or another medical professional
- Some girls may ask for help, perhaps talk about pain or discomfort in their chest area, but may not be explicit about the problem due to embarrassment or fear
- A girl may display reluctance to undergo medical examination
- A girl may be fearful of changing for physical activities due to scars showing or bandages being visible

Law in the UK

There are no specific laws in the UK regarding breast flattening. If any member of staff is concerned that a girl is at risk of breast flattening, they must speak to the DSL/DDSL immediately. The DSL /DDSL will contact the MASH and make a referral.

Up-Skirting

This is now a criminal offence

Typically, this involves taking a picture under a person's clothes without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification to cause the victim humiliation, distress or alarm. This is a criminal offence.

Serious violence

All staff should be aware of indicators which may signal that children are at risk from or involved with serious violent crime. These may include: increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or significant change in well-being, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs. All staff should be aware of the associated risks and understand the measures in place to manage these (more information can be in Home Office guidance)

Prevent (Radicalisation and Extremism)

Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harms and abuse, protecting children from this risk will be a part of our school's/college's safeguarding approach. Extremism is the vocal or active opposition to our fundamental values, including the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.

Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

We understand there is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media) and settings (such as the internet). However, it is possible to protect vulnerable people from extremist ideology and intervene to

prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, our staff will be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. Staff will use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a referral to the Channel programme.

From 1 July 2015, specified authorities, including all schools (and since 18 September 2015 all colleges) as defined in the summary of this guidance, are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 ("the CTSA 2015"), in the exercise of their functions, to have "due regard" to the need to prevent people from being drawn into terrorism". This duty is known as the Prevent duty. It applies to a wide range of public-facing bodies. Bodies to which the duty applies must have regard to statutory guidance issued under section 29 of the CTSA 2015. Paragraphs 57-76 of the statutory "Revised Prevent duty guidance: for England and Wales" (for schools) summarises the requirements on schools in terms of four general themes:

We will:

- Assess the risk of children being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology;
- Work in partnership with parents, children, families and statutory agencies;
- Assess the risk in our local area and as a minimum our designated safeguarding lead will undertake Prevent awareness training to provide advice and support to other members of staff on protecting children from the risk of radicalisation; and
- Ensures that suitable filtering and monitoring is in place. Our pupils are taught to stay safe on-line. Our E-safety is integral to the school's IT curriculum.

Early indicators of radicalisation or extremism may include:

- Showing sympathy for extremist causes;
- Glorifying violence, especially to other faiths or cultures;
- Making remarks or comments about being at extremist events or rallies outside school;
- Evidence of possessing illegal or extremist literature;
- Advocating messages similar to illegal organisations or other extremist groups;
- Out of character changes in dress, behaviour and peer relationships (but there are also very powerful narratives, programmes and networks that young people can come across online so involvement with particular groups may not be apparent);
- Secretive behavior;
- Online searches or sharing extremist messages or social profiles;
- Intolerance of difference, including faith, culture, gender, race or sexuality;
- Graffiti, art work or writing that displays extremist themes;
- Attempts to impose extremist views or practices on others;
- Verbalising anti-Western or anti-British views; and
- Advocating violence towards others.

We aim to build the children's resilience to radicalisation by providing a safe environment and through particular aspects of the curriculum including SMSC, British Values, PSHE and Citizenship.

Training on Prevent will be delivered as required to the relevant staff.

***Channel**

Our staff should understand when it is appropriate to make a referral to the Channel programme. Channel guidance is available at: [Channel Guidance](#).

E-learning channel awareness programme for staff is available at: [Channel General Awareness](#).

Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools to make referrals if they are concerned that an individual might be vulnerable to radicalisation.

Our school will contact the Wolverhampton Community Safety Team at: safer@wolverhampton.gov.uk or call: 01902 551214

Peer on peer abuse

This is generally where a child abuses another child/children.

All staff recognise that children can abuse their peers. All allegations will be taken seriously, we understand that 'abuse is abuse and should never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up". (KCSIE) ALL allegations will be carefully considered and all decisions will be made on a case by case basis in consultations with social care. Referrals under safeguarding arrangements may be necessary, key specific considerations will include:

- The age, maturity and understanding of the children; and
- Any disability or special needs of the children

Allegations against other children which are safeguarding issues

Some allegations may be of such a serious nature that they may raise safeguarding concerns. These allegations may include physical abuse, emotional abuse, sexual abuse, sexual violence and harassment and sexual exploitation and sexting.

We understand the gendered nature of peer on peer abuse (it is more likely that girls will be victims and boys will be perpetrators) but all peer on peer abuse is unacceptable and will be taken seriously. Other gender issues that can be prevalent when dealing with peer on peer abuse could, for example, include girls being sexually touched or assaulted or boys being subject to initiation or hazing type violence. It is also likely that incidents may involve older students and their behaviour towards younger students or those who are vulnerable. It is likely that, to be considered a safeguarding allegation against a child, some of the following features will be found.

If the allegation:

- Is made against an older child and refers to their behaviour towards a younger child or a more vulnerable child;
- Is of a serious nature, possibly including a criminal offence;
- Raises risk factors for other children in the school;
- Indicates that other children may have been affected by this child; and
- Indicates that young children outside the school may be affected by this child.

Examples of safeguarding issues against a child could include:

Physical Abuse

- Violence, particularly pre-planned;
- Forcing others to use drugs or alcohol; and
- Initiation and hazing violence.

Emotional Abuse

- Blackmail or extortion;
- Threats and intimidation; and
- Bullying and cyber-bullying.

Sexual Abuse including sexting and gender based violence

- Indecent exposure, indecent and inappropriate touching or serious sexual assaults;
- Forcing others to watch pornography or take part in sexting; and
- Initiation and hazing violence.

Sexual Exploitation/violence and harassment

- Encouraging other children to engage in inappropriate sexual behaviour (For example - having an older boyfriend/girlfriend, associating with unknown adults or other sexually exploited children, staying out overnight); and
- Photographing or videoing other children performing indecent acts.

Prevention, assessing and minimising the risks

We will minimise the risk of allegations against other children by:

- Providing a developmentally age appropriate PSHE, RSE, British Values curriculum which develops children's understanding of acceptable behaviour and keeping themselves safe;
- Having systems in place for any child to raise concerns with staff, knowing that they will be listened to, believed and valued;
- Delivering targeted work on assertiveness, protective behaviours and keeping safe those children identified as being at risk;
- Developing robust risk assessments & providing targeted work for children identified as being a potential risk to other children; and
- Training and awareness sessions will be provided for staff.

Procedure to manage and record peer on peer allegations

- When an allegation is made by a child against another child, members of staff should consider whether the complaint raises a safeguarding concern. If there is a safeguarding concern the designated safeguarding lead or deputy will be informed;
- A factual record will be made of the allegation, but no attempt at this stage should be made to investigate the circumstances;
- The designated safeguarding lead or deputy will contact social care/multi-agency agency safeguarding hub (MASH) to discuss the allegation and seek advice;
- The designated safeguarding lead or deputy will follow through the outcomes of the discussion and make a referral where appropriate;
- If the allegation indicates that a potential criminal offence has taken place, this will be referred to the multi-agency agency safeguarding hub MASH where the police will become involved;
- Following advice from Social Care and/or the police, parents of both the child being complained about and the alleged victim, should be informed and kept updated on the progress of the referral;
- The designated safeguarding lead or deputy will make a record of the concern, the discussion and any outcome and keep a copy in the files of both children's files;
- It may be appropriate to exclude the pupil being complained about for a period of time according to the school's behaviour policy and procedures;
- Where neither social services nor the police accept the complaint, a thorough school investigation should take place into the matter using the school's usual behaviour procedures;

- In situations where the school considers a safeguarding risk is present, a risk assessment should be prepared along with a preventative, supervision plan; and
- The plan should be monitored and a date set for a follow-up evaluation with everyone concerned.

Sexual Violence and sexual harassment between children

If an incident of sexual violence or sexual harassment occurs our school will follow the guidance set out in Part 5 of Keeping Children Safe in Education and we will use the DfE guidance Sexual violence and harassment between children in schools and colleges (May 2018)

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing.

This will, likely, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable.

All victims will be taken seriously and offered appropriate support. We know that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT children are at greater risk.

Staff are aware and know the importance of:

- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
- not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; and
- challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

Sexual violence

Our staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003 as described below:

Legislation.

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

Consent

Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

Sexual harassment

Sexual harassment means ‘unwanted conduct of a sexual nature’ that can occur online and offline. For this policy, reference to sexual harassment, is in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child’s dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual “jokes” or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes (we will consider when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence. It may include:
 - non-consensual sharing of sexual images and videos;
 - sexualised online bullying;
 - unwanted sexual comments and messages, including, on social media; and
 - sexual exploitation; coercion and threats

Our school response to a report of sexual violence or sexual harassment

Our school will follow the guidance set out in part 5 Keeping Children Safe in Education and the DfE guidance Sexual violence and sexual harassment between children in schools and colleges -May 2018

Actions to consider following a report of sexual violence and/or sexual harassment

Following a report of sexual violence and/or harassment we will consider:

- the wishes of the victim in terms of how they want to proceed (in an age appropriate way.) This is especially important in the context of sexual violence and sexual harassment. Victims will be given as much control as is reasonably possible over decisions regarding how any investigation will be progressed and any support that they will be offered;
- the nature of the alleged incident(s), including: whether a crime may have been committed and consideration of harmful sexual behaviour;
- the ages of the children involved;
- the developmental stages of the children involved;
- any power imbalance between the children. For example, is the alleged perpetrator significantly older, more mature or more confident? Does the victim have a disability or learning difficulty?
- if the alleged incident is a one-off or a sustained pattern of abuse;
- are there ongoing risks to the victim, other children, adult students or school or college staff; and
- other related issues and wider context e.g. contextual safeguarding.

Managing a report

We will consider every report on a case-by-case basis. When to inform the alleged perpetrator will be carefully considered. Where a report is going to be made to children’s social care and/or the police, then, generally, our school/college will speak to the relevant agency and discuss next steps and how the alleged perpetrator will be informed of the allegations. However, as per general safeguarding principles, this will not stop our school/college taking immediate action to safeguard our children, where required.

Considering bail conditions

Our school will have due regard for the information available in KCSiE part 5 and the DfE sexual violence and harassment guidance regarding bail condition

Child Criminal Exploitation: County Lines (CCE)

Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs. A referral to the National Referral Mechanism will be considered by our school. Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
- can be perpetrated by individuals or groups, males or females, and young people or adults; and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

Domestic Abuse

Domestic violence and abuse is:

Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to:

- psychological;
- physical;
- sexual;
- financial; and
- emotional

Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Domestic abuse affecting young people can also occur within their personal relationships, as well as in the context of their home life.

Our school/college will make use of the advice and links available in Keeping Children Safe in Education (Annex A) to identify children who are affected by domestic abuse and how they can be helped.

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. When required our designated safeguarding lead or deputies will obtain contact details and know referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and or discussion with the Local Housing Authority should be progressed as appropriate, this does not, and will not, replace a referral into children's social care where a child has been harmed or is at risk of harm.

Our school staff will consider homelessness in the context of children who live with their families, and intervention will be on that basis. However, we will also recognise in some cases 16 and 17 year olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a different level of intervention and support. Children's services will be the lead agency for these young people and our designated safeguarding lead (or a deputy) will ensure appropriate referrals are made based on the child's circumstances.

Other types of abuse to be aware of include:

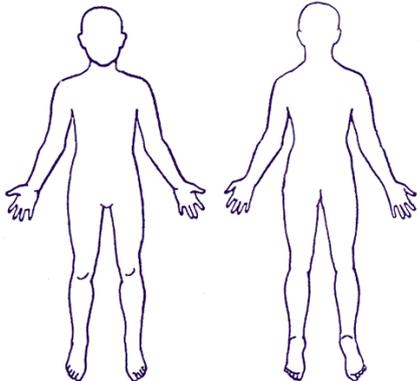

- Bullying including cyber-bullying
- Children missing from home or care
- Drugs
- Fabricated and Induced illness
- Faith abuse
- Gangs and youth violence
- Gender based violence/violence against women and girls
- Hate
- Mental health
- Relationship abuse
- Sexting
- Trafficking
- Modern slavery

Whilst it is important for our staff to be vigilant regarding the types and signs of abuse at all times it does not necessarily mean that a child or young person has been abused because the signs have been noted or observed. However, ALL concerns MUST be shared with the designated safeguarding lead or deputy.

Monitoring policy and practice

Our safeguarding policy and procedures will be reviewed annually or sooner if required. All staff and stakeholders may contribute to the development of our policies and procedures. Our policy will be published on our website and paper copies are available upon request.

Cause for Concern Recording Sheet

Student's name:	
Year Group:	
Date and time of concern (Please record accurately):	
<p>Your account of the concern:</p> <p><i>Provide details of the incident or concern you have including times, dates, description of any injuries (use the body diagram to indicate area of injury), witness details, what you have observed, heard or been told, if the information is first hand, fact or opinion, any other relevant details/information, etc. Ensure you clearly record the voice of the child (suggestion – use capital letters to ensure it can be easily recognised). Ensure you act in a timely manner when reporting concerns, especially if there is an injury noted. DO NOT ask a student to show you an injury they may speak about.</i></p>	
	
<p>Your response: (what did you do/say following the concern)</p>	

Your name:	Your signature
Your position in school:	Date and time of this recording:
Action and response of Designated Safeguarding Lead:	
Feedback given to member of staff reporting concern:	Information shared with any other staff? If so, what information was shared and what was the rationale for this?
Name:	Date:

Checklist

- ✓ Student clearly identified?
- ✓ Name, designation and signature of the person completing the record populated?
- ✓ Date and time of any incidents or when a concern was observed?
- ✓ Concern described in sufficient detail, i.e. no further clarification necessary?
- ✓ Child's own words used? (swear words, insults, or intimate vocabulary should be written down)
- ✓ Record free of jargon?
- ✓ Written in a professional manner without stereotyping or discrimination?
- ✓ The record includes an attached completed body map (if relevant) to show ONLY visible injuries

Processes for managing individual cases

Chart 1 - Action taken when a child is referred to local authority children's social care services

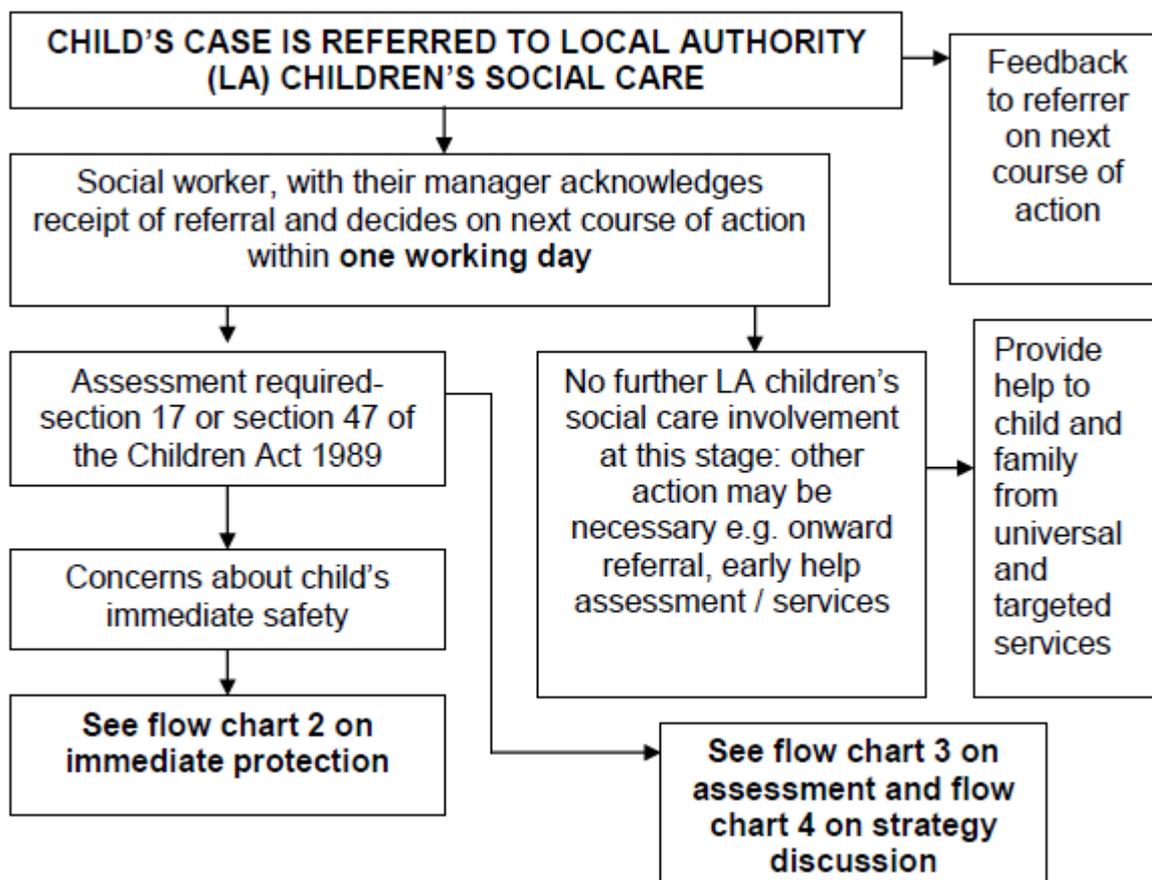

Chart 2 – Immediate Protection

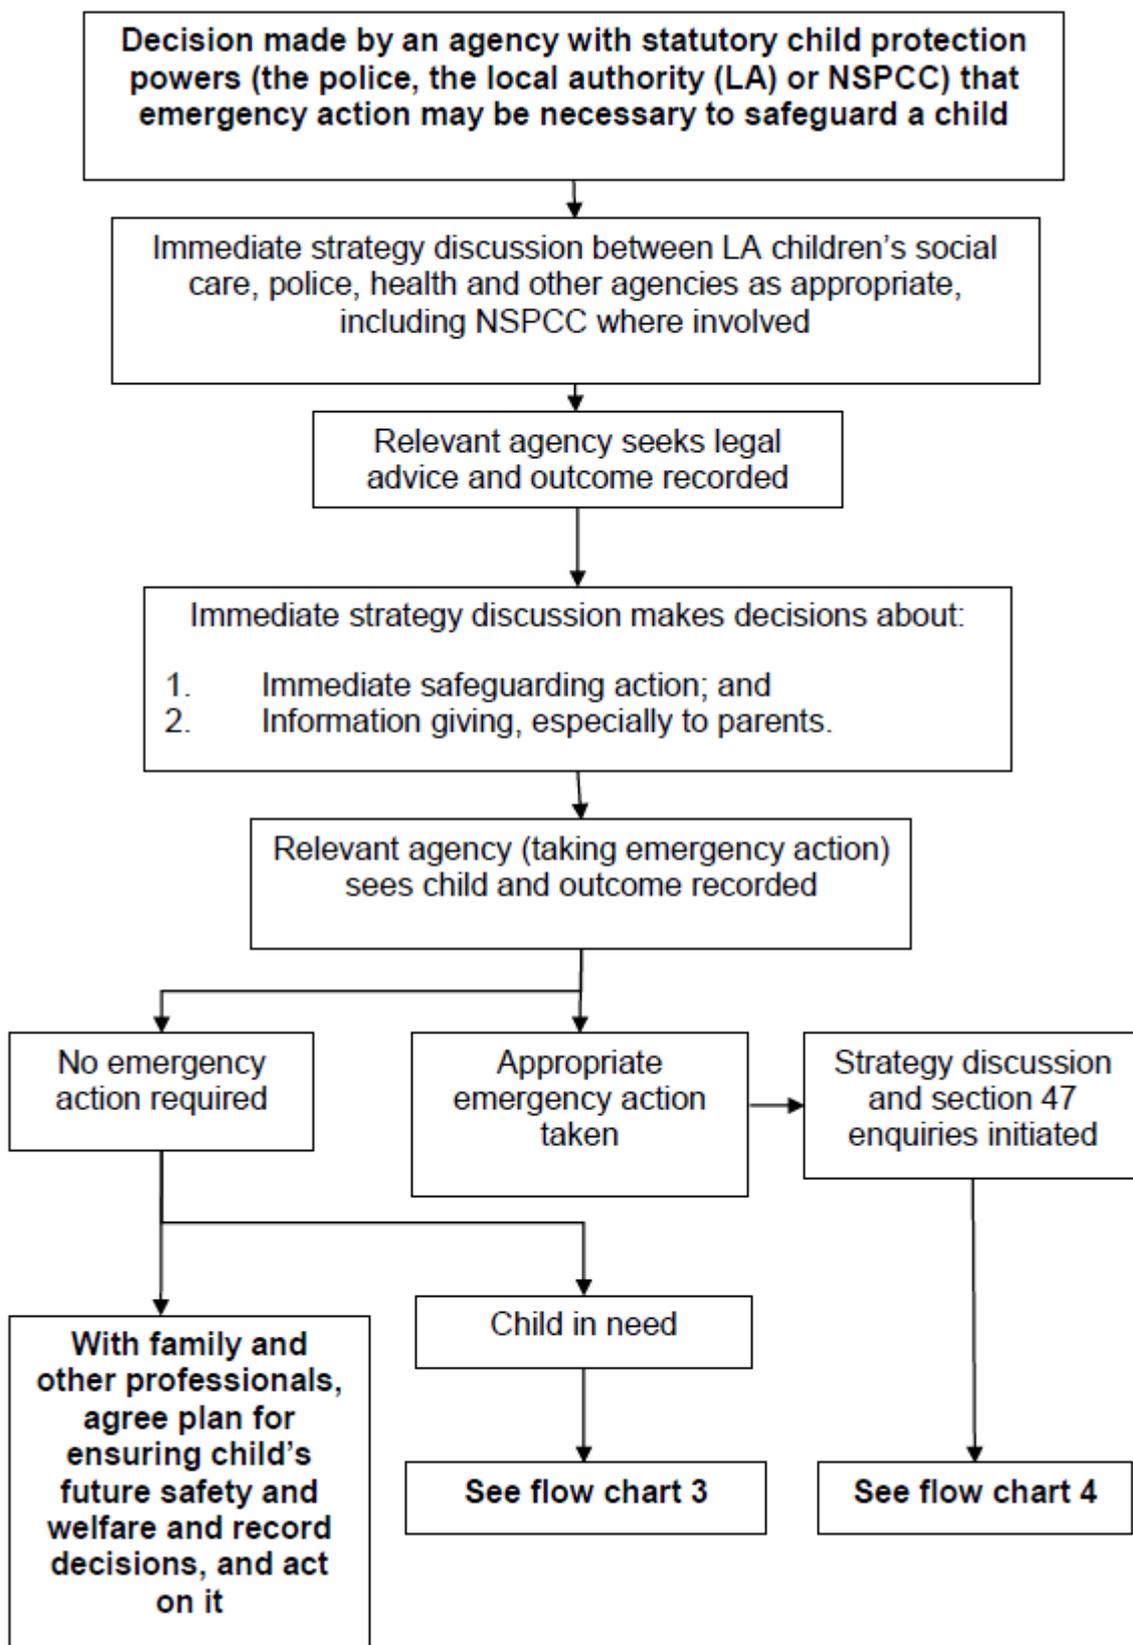

Chart 3 – Action taken for the assessment of a child

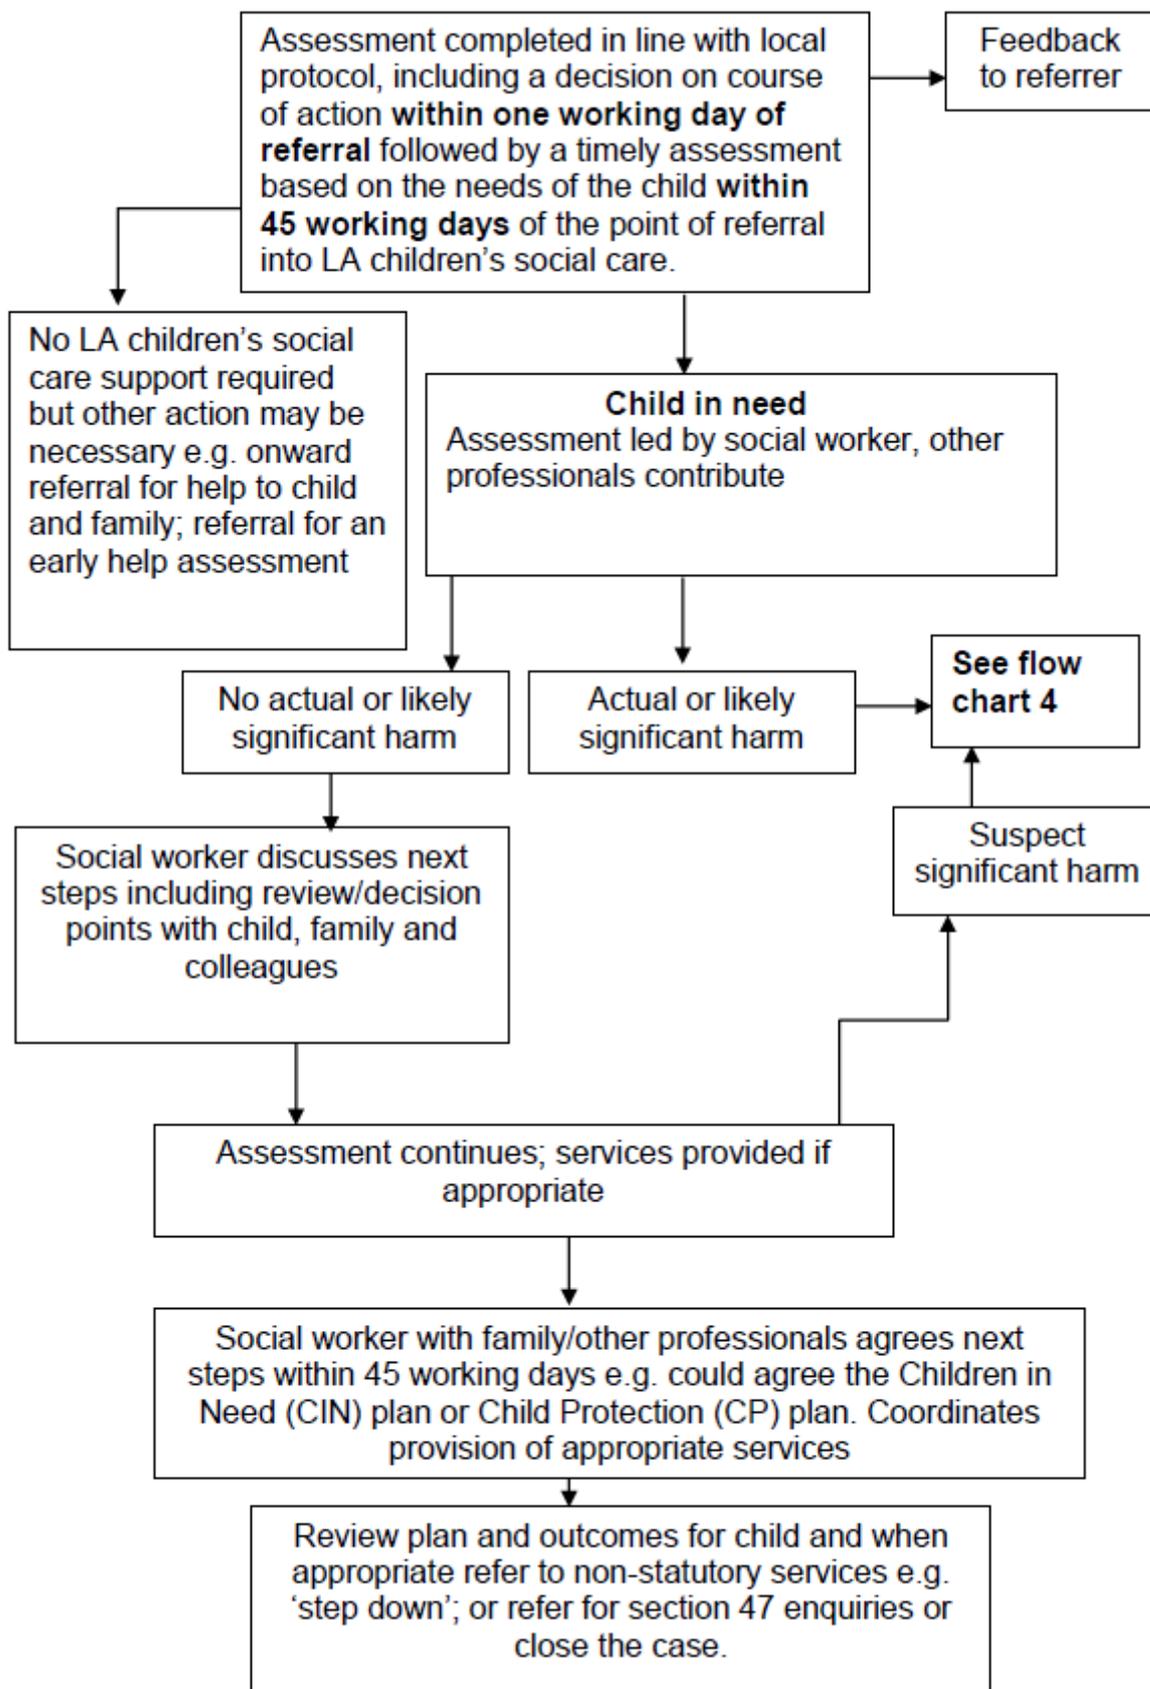

Chart 4 – Action following strategy discussion
